Customer will not use the Service or Tokens for any purpose listed in this Section 10.2 (*No Hazardous Environments*) and any attempt to do so will be at Customer's own risk.

11. INDEMNIFICATION.

- 11.1. Indemnification by Customer. Customer will indemnify, defend and hold harmless Entrust Datacard and its Indemnified Associates (as defined below in Section 11.3 (*Litigation & Additional Terms*)) from and against any and all third party claims, demands, suits, or proceedings (each a "Claim"), arising out of or related to Customer's breach of the Agreement, Customer Data, or Customer's alleged or actual use of, misuse of, or failure to use the Service, including without limitation: (a) Claims by Users or by Customer's or Users' employees, subcontractors or agents; (b) Claims related to unauthorized disclosure or exposure of Customer Data (including Personal Information); (c) Claims related to infringement, misappropriation or violation of a copyright, trademark, trade secret, or privacy or confidentiality right by written material, images, logos or other content uploaded to the Service through Customer's account, including without limitation by Customer Data; and (c) Claims related to the injury to or death of any individual, or any loss of or damage to real or tangible personal property, caused by the act or omission of Customer or of any of its employees, subcontractors or agents. Notwithstanding the foregoing, Customer will have no obligation to indemnify, defend and hold harmless Entrust Datacard and its Indemnified Associates from any Claim covered by Section 11.2 (*Indemnification by Entrust Datacard*) below.
- 11.2. Indemnification by Entrust Datacard. Entrust Datacard will defend Customer and Customer's Indemnified Associates against any and all Claims brought against Customer or Customer's

Indemnified Associates alleging that the Service infringes any valid third party intellectual property right. Entrust Datacard will pay any damages finally awarded by a court of competent jurisdiction against Customer and Customer's Indemnified Associates or settled by agreement which are attributable to such Claim. Entrust Datacard's obligations set for in this Section 11.2 do not apply to the extent that the Claim arises from: (i) Customer's (including Customer's Indemnified Associates) or Users' breach of the Agreement, (ii) the Service being used in a manner not authorized pursuant to the Agreement, or being used in a manner or for a purpose other than that for which it was supplied, as contemplated by the Documentation; (iii) the Service having been modified without the written consent of Entrust Datacard; (iv) the combination of the Service with hardware or software not provided by Entrust Datacard; (v) the use of any version of the Service other than the current, unaltered release, if such Indemnified Claim would have been avoided by the use of a current unaltered release of the Service; (vi) any third-party software, third party service or other third party product on which the Service relies (e.g. hosting provider such as Amazon Web Services). The foregoing states Entrust Datacard's entire liability and Customer's sole and exclusive remedy with respect to any infringement or misappropriation of any intellectual property rights of any kind. This Section 11.2 (*Indemnification by Entrust Datacard*) and Section 11.4 (*Mitigation by Entrust Datacard*) will not apply to any Service provided (or licensed) for no fee including without limitation any free trial or evaluation of the Service.

11.3. Litigation & Additional Terms. The obligations of the indemnifying party pursuant to this Article 11 (*Indemnification*) include retention and payment of attorneys and payment of costs and expenses, as well as settlement at the indemnifying party's expense. The indemnified party or Indemnified Associate(s) must provide the indemnifying party prompt notice of the Claim and agree to reasonably cooperate and provide assistance (at indemnifying party's sole expense) in the defense; provided that failure by the indemnified party to provide prompt notice will relieve the indemnifying party of its obligations only to the extent that the indemnifying party was actually and materially prejudiced by such failure. The indemnifying party will control the defense of any Indemnified Claim, including appeals, negotiations, and any settlement or compromise thereof; provided that the indemnified party and Indemnified Associates will have the right to reject any settlement or compromise that requires that it or they admit wrongdoing or liability or that subjects it or them to any ongoing affirmative obligations. Entrust Datacard and/or Entrust Datacard's Indemnified Associates may participate in the defense of any Claim for which they are indemnified under this Article 11 at their sole expense. "Indemnified Associates" are officers, directors, shareholders, parents, subsidiaries, Affiliates, agents, successors, and assigns.

11.4. Mitigation by Entrust Datacard. If (i) Entrust Datacard is subject to (or is believes it may be come subject to) an actual or potential Claim, or (ii) Customer provides Entrust Datacard with notice of an actual or potential Claim, Entrust Datacard may, at its sole option: (i) procure for Customer the right to continue to use the affected portion of the Service; (ii) modify or replace the affected portion of the Service with functionally equivalent or superior software so that Customer's use is non-infringing; or (iii) if (i) or (ii) are not commercially reasonable, terminate the Customer's license or access to the affected Service and refund to Customer any associated subscription fee for the affected portion of the Service on a pro-rata basis.
